

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since 1959. Whether the work entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will help make the work go easier and faster. These units are complete along with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. A wide range of optional attachments is obtainable for Lull telehandlers to help finish whatever job.
